March 16, 2020

Williams Valley School District Families,

During the closure of our school district through an anticipated date of March 27th, 2020, students will not be expected to complete any new, additional assignments. Make up assignments from absences, other assignments, and course selection sheets may be turned in upon students' return to school.

Tests, projects, and IEP meetings are postponed until further notice. However, this would be a great opportunity to read, practice math facts and skills, and spend quality time with your family.

In addition to websites listed on the High School and Elementary webpages at www.wvschools.net we wanted to provide you with a quick list of resources your student may visit.

Websites may offer FREE content to students and families to continue their learning (Please be sure to review terms and agreements upon signing up if you choose to access these sites.):

Another free resource offered to Comcast subscribers is education television. Other services may be offered through other television and internet providers.

As a reminder the school is undergoing a deep clean and sterilization process. No one is permitted on campus during this time.

Please be sure to wash school items such as backpacks, equipment, lunchboxes, and jackets/coats before your student returns to school. We want to create the safest environment possible for our students upon their return.

Please trust that the Williams Valley School District is doing our best to keep everyone informed. Be on the alert for more information on food distribution pick up times and locations. Please keep your students and families safe during these unprecedented times.

Sincerely,

Christine Duey & Stephanie Carl
