With the numbers gathered above, here is how a potential football game will look.

If the visiting team has a number less than 65; the remaining tickets will go to non-senior football starters parents/guardians. The list will be subject to change each week depending on the numbers of the other team and the starter list provided by the football coaches.

Soccer matches will operate as normal (allowing all fans home or away to attend) not to exceed 250 people in the stadium.

The concessions will be allowed to be open for the booster programs only to allow them to feed their respective teams at home events. Number of boosters will be dependent on availability during that particular event.

This plan is subject to change if further rulings are made in favor of district rule. If the PA Senate rules in favor of school district rule at home events, a new proposal will be drawn up to exceed the 250 limit.
