WILLIAMS VALLEY TECHNOLOGY FEE

In order to prepare students for the 21st century and be competitive in their future workplace, a Williams Valley School District student's educational experience includes a Chromebook as a digital tool for learning, providing an environment that promotes "anytime, anywhere" learning. Students are required to follow usage guidelines and to use caution in handling the devices.

The Technology Fee will be **annual** for all students. The cost will be \$20 per student with a family cap of \$60 and is non-refundable.

Check, Money Order and cash will be accepted. Please make check or money order payable to Williams Valley School District.

If your check is returned for insufficient funds, you will be charged an additional \$25 fee from WVSD.

Technology Fee Coverage:

- The technology fee will cover a **one-time** Chromebook repair. The fee does not cover outright loss, theft or intentional mistreatment of Chromebook.
- The technology fee does not cover damaged, lost and/or stolen charging cables, charging blocks or Chromebook cases.
- All subsequent damage incidents involving the assigned student's Chromebook will result in a \$99 charge per incident. A parent and student conference may be held with the principal to review the incident.
- Intentional mistreatment resulting in malicious damage to the Chromebook, case, charging cable, or block that is caused by the assigned student user or by an individual other than the assigned student user, will result in disciplinary action and include the repair or retail replacement cost, as well as potential police involvement.
- In addition to potential police involvement for intentional mistreatment, malicious damage, dishonest, fraudulent or intentional criminal acts, the student would face a referral for the appropriate disciplinary action under the Williams Valley School District Code of Conduct including in/out of school suspension and expulsion.
- Dishonest, fraudulent, intentional, negligent or criminal acts, which would result in the complete repair and/or replacement must be paid by the student.
- By declining, or opting out, of the benefits for participation in this program, you agree to be financially responsible for all repairs or retail replacement cost of the Chromebook.
- In the event of an incident, any applicable charges must be paid in full before a replacement Chromebook can be taken home.
- The Chromebook must remain in the school issued case. The technology fee will not cover damage that results when the Chromebook is missing the case or in another case.
- If the fee is not paid, you agree to be financially responsible for all repairs or retail replacement cost of the Chromebook.

If for any reason your child is withdrawn or no longer attends Williams Valley Area School District, the district-owned Chromebook must be returned to the school within 48 hours. Failure to return the Chromebook, and accessories will result in legal action with the possibility of criminal charges. If the Chromebook or accessories are returned damaged, you are responsible to pay for the repair or replacement of those items.
